## 100ah power station in China in Iraq

Does powerchina have projects in Iraq?

Up to now,POWERCHINA has no completed projects in Iraq yet,while there are 7 projects involved in the power and infrastructure sectors under construction with a total contract value of USD 3.63 billion,such as the Rumaila 730 MW Combined Cycle Power Plant and the Iraqi Model Schools.

How has the Wasit power plant improved Iraq's power situation?

The Wasit Power Plant has made a significant contribution to improving Iraq's power situation," said Mohammed Jassim, deputy director of the plant, who has just returned from a study and business tour in China. The Chinese-built plant has also made great contributions to the economic and social development of Iraq.

What is Iraq's largest thermal power plant?

As Iraq's largest thermal power plant, it has generated nearly 150 billion kilowatt-hours of electricity to date. At the peak of its power generation, it ensured 70 percent of the power supply in the capital Baghdad while providing the entire country with 30 percent of its power needs.

Will powerchina help with Iraq's Reconstruction?

In 2021, the Rumaila gas-fired combined-cycle power plant, undertaken by POWERCHINA, connected to the national grid, easing power shortages in southern Iraq. Moving forwards, plans are for POWERCHINA to continue to give full play to its know-how and experience to help with Iraq's reconstruction.
