# Botswana solar container system Customization Company

Who is Kom-solar?

From concept to completion, we provide end-to-end expertise to power your sustainability goals. Founded in 2024, Kom-Solar designs and installs solar, wind, and hybrid energy systems for businesses across Botswana. With over 20 MW already installed and 150 MW in development, we're helping shape the country's clean energy future.

Where are solar power plants made?

Headquartered in Shanghai with 50,000m<sup>2</sup>+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Who is solarbw?

Quality Power Solutions SolarBW are the proud distributors of some of the world's leading solar brands and products. We Provide Excellent Turnkey Services For SolarBW there is no place too remote and no site too dangerous.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.
