
Buy solar panels in Dublin

How much do solar panels cost in Dublin?

Solar panel prices in Dublin vary based on system size, roof type, and grant eligibility - but with SEAI support in 2025, most homeowners pay between EUR2,400 and EUR6,900. This guide breaks it down in the table below, helping Dublin homeowners compare solar panel costs and SEAI savings in 2025.

How do I choose a solar panel installer in Dublin?

When choosing a solar panel installer in Dublin, it's important to ensure that they are a registered solar installer with the "Sustainable Energy Authority of Ireland (SEAI)". This is required in order for your system to be eligible for any SEAI grants or subsidies that may be available.

Is solar a good investment in Dublin?

With My Power, the average payback period ranges from 6-10 years. This includes upfront costs offset by energy savings, government grants, and SEAI incentives, making solar a smart investment for Dublin homeowners and businesses. By installing solar panels, you can significantly reduce electricity bills for decades.

What is solar energy in Dublin?

Solar energy in Dublin is a clean, renewable power source that reduces reliance on fossil fuels. With My Power's solar panel installation in Dublin, you contribute to lowering greenhouse gas emissions and helping Dublin reach its environmental goals.
