## Discount on 1MWh Solar Container for Fire Stations

What is pknergy 1MWh battery energy solar system?

PKNERGY 1MWh Battery Energy Solar System is a highly integrated, large-scale all-in-one container energy storage system. Housed within a 20ft container, it includes key components such as energy storage batteries, BMS, PCS, cooling systems, and fire protection systems.

How much does a 1MWh battery energy storage system cost?

For a 1MWh battery energy storage system, Energetech Solar offers a system with a price of \$438,000 per unit for a 500V - 800V system designed for peak shaving applications. There are also quantity discounts available, with the price dropping to \$434,350 for purchases of 3 - 9 units and to \$431,000 for purchases of 10 or more units.

What is Sunway ESS battery energy storage system (BESS)?

Sunway ESS battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects.

What is a containerised energy storage system (BESS)?

They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage technologies and for different purposes.
