## Energy storage projects in Abu Dhabi

Will Masdar & EWEC build a solar-plus-storage project in Abu Dhabi?

Masdar and Emirates Water and Electricity Co. (EWEC) plan to build a \$6 billion, 5 GW/19 GWh solar-plus-storage project in Abu Dhabi, the United Arab Emirates, with operations set to start by 2027. Emirati state-owned renewable investment company Masdar is partnering with EWEC to build a giant solar and battery energy storage (BESS) facility.

Why should UAE invest in solar power & battery energy storage?

The world-leading project reflects the vision and commitment of the UAE leadership in driving socioeconomic and environmental progress. The accelerated integration of solar power and advanced battery energy storage sets a new benchmark in clean energy, driving sustainability and reducing carbon emissions.

Does EWEC have a large-scale solar project in Abu Dhabi?

EWEC has several large-scale solar projects in the region, including the 2 GW Al Dhafra solar project in Abu Dhabi. Earlier this month, it put out a request for proposals for 1.5 GW of solar.

What is Abu Dhabi Sustainability Week 2025?

The announcement came on the sidelines of the Opening Ceremony of Abu Dhabi Sustainability Week (ADSW) 2025. Located in Al Azeezah, Abu Dhabi, the innovative project will be the world's largest round-the-clock combined solar power and Battery Energy Storage System (BESS), delivering reliable renewable energy 24 hours a day.

Dr Sultan Al Jaber, UAE Minister of Industry and Advanced Technology and chairman of Masdar gave a speech outlining the need for solutions to meet rapidly growing ...

Dr Sultan Al Jaber, UAE Minister of Industry and Advanced Technology and chairman of Masdar gave a speech outlining the need for ...

A project combining 5.2GW solar and 19GWh of battery energy storage - to be located in n Abu Dhabi in the UAE - has been announced.

Utility EWEC (Emirates Water and Electricity Company) has launched an RFP for a 400MW BESS project to be built to support the ...

On January 17, CATL and Masdar, the United Arab Emirates' clean energy powerhouse, announced a partnership for the world's first large-scale "round the clock" giga ...

The project, which combines solar power and battery storage, will allow renewable energy to be generated and distributed continuously, 24 hours a day, seven days a week. The ...

Chinese battery giant CATL and Masdar, the UAE's flagship renewable energy company, have announced a landmark partnership to develop the world's largest solar and ...

---

The UAE has launched what it says is the world's first and largest 24-hour power project, combining solar photovoltaic with battery ...

Located in Al Azeezah, Abu Dhabi, the innovative project will be the world's largest round-the-clock combined solar power and Battery ...
