# Fiji New Energy Storage Company

Who is Energy Fiji Limited?

Energy Fiji Limited is a company established in 1966 under the Electricity Act of 1966. It began operating from 1 August of that year and was previously known as the Fiji Electricity Authority.

Where are totalenergies storage facilities located in Fiji?

TotalEnergies Marketing (Fiji) Pte Ltd. owns six storage facilities in Fiji with the main terminals located at Walu Bay and Rodwell Road in Suva and Vuda Point in Lautoka. Five (5) of these terminals and depots are operated by TotalEnergies while the remaining one (1) is managed and operated by 3rd parties.

What is EPC solar doing in Fiji?

Indigenous-owned EPC Solar said the projects are part of a pipeline of more than 40 potential installation sites in Fiji which is targeting 100% renewable energy by 2036. The company also plans to expand its operations into New Zealand and then other Pacific nations - islands it says will bear the brunt of climate change and rising sea levels.

What types of energy storage systems does Jinko power offer?

Depending on application scenario, Jinko Power provides all types of customers with tailored energy storage system solutions, including power energy storage system integration solutions, industrial and commercial energy storage system integration solutions, and household energy storage systems.
