## Give away solar panels

Is the US government giving away free solar panels?

The US government is not giving away free solar panels or paying people to go solar, no matter how many random YouTube and Facebook ads say otherwise. This scam is usually a misrepresentation of the Residential Clean Energy Credit (aka solar tax credit). While this is a great incentive, it can hardly be considered "free solar panels." Here's why:

Can you get free solar panels from the government in 2024?

Advertising "free solar panels from the government" is one of the most common scams in the solar industry and has increased in prominence since the federal solar tax credit was increased and extended in August 2022.

Are solar panels free?

The federal government does not have any programs that offer totally free solar panels. However, several state and federal government programs can help you access solar energy equipment with lower upfront costs. These tax credits and incentives can reduce solar installation costs, making solar energy more accessible.

Are there free solar panels for low-income people?

With all that said, there are a handful of very niche state-run solar panels that provide eligible low-income households with solar systems at no cost. The top results after searching "free solar panels" on YouTube. Top: An ad for a "free government solar program" likely designed to collect personal information or sell solar leases.
