## Himo6 double glass module

What is a Hi-mo X6 bifacial dual-glass module?

The Hi-MO X6 Bifacial Dual-Glass modules are engineered to overcome these challenges, offering unparalleled reliability and performance in even the most demanding conditions. Innovations for a Sustainable Future

What is Hi-mo 6?

LONGi's pioneering launch of the Hi-MO 6 product family offers more choices to meet diverse global needs and create a new green energy experience. LONGi knows how to use the energy wisely. With epoch-making technology, Hi-MO 6 product family empowers every user to live in the future.

What is the Hi-mo X6 series?

The Hi-MO X6 series is the culmination of LONGi's relentless innovation in response to the evolving demands of the PV market. With over 40% of global regions classified as Damp Heat (DH) climates, the challenges for PV modules in these areas are substantial, ranging from leakage degradation to adhesive film yellowing and hydrolysis reactions.

What makes the Hi-mo X6 Guardian unique?

Innovations for a Sustainable Future The Hi-MO X6 Guardian model stands out for its exceptional resistance to humidity and heat, a critical advancement given the widespread need for durable and efficient solar solutions.

The Hi-MO X6 series is the culmination of LONGi's relentless innovation in response to the evolving demands of the PV market. With over 40% of global regions ...

The Hi-MO X6 Bifacial Dual-Glass modules cater to a wide range of PV application scenarios, such as distributed roofs, PV carports, ...

The bifacial double-glass design enables additional energy harvesting on the back of the module, increasing overall efficiency, especially in environments with reflective surfaces, such as light ...

LONGi has launched its groundbreaking Hi-MO X6 bifacial dual-glass module at the 19th edition of China's International Solar Energy Utilization conference in Jinan.

The Hi-MO X6 series is the culmination of LONGi's relentless innovation in response to the evolving demands of the PV market. With over 40% of global regions classified as Damp ...

LONGi has launched its groundbreaking Hi-MO X6 bifacial dual-glass module at the 19th edition of China's International Solar ...

Longi Bifacial Double Glass PV Module Himo6 Mono Perc Half Cut Cell 560w 565w 570w 575w 580w 585w Topcon a Grade Solar Panels

---

LONGi is delighted to unveil its groundbreaking Hi-MO X6 Bifacial Dual-Glass solar modules during the 19th China (Jinan) International Solar Energy Utilization Conference.

Longi Himo6 425W Double Glass Bifacial Solar Panels Types of Solar Panels, Find Details and Price about Bifacial Solar Panel Module High Efficiency Solar Panel from Longi ...

Being better is our standard. Propelling the clean energy transformation into the Terawatt Era with ultra-high performance. Prime Efficiency Market-leading ...

LONGi unveils its Hi-MO X6 Bifacial Dual-Glass solar modules at the 19th China (Jinan) International Solar Energy Utilization Conference, offering groundbreaking technology ...

The Hi-MO X6 Bifacial Dual-Glass modules cater to a wide range of PV application scenarios, such as distributed roofs, PV carports, and winter gardens. This cutting-edge ...

Being better is our standard. Propelling the clean energy transformation into the Terawatt Era with ultra-high performance. Prime ...

The Hi-MO X6 series is the culmination of LONGi's relentless innovation in response to the evolving demands of the PV market. With ...
