## Huawei makes solar panels in Bulgaria

When did huasun start supplying Solar panels?

Huasun VP Matthew Jin added: "We started supplying solar panels for the plant in 2021. This is the first industrial project in Bulgaria built entirely with double-sided HJT solar panels. During their production, we fully complied with the requirements of the engineering team at Inercom - the company that has constructed the high-tech plant.

Will heterojunction represent the majority of solar panels produced globally?

"We believe that maybe in five years, heterojunction is going to represent the majority of solar panels produced globally," commented Veselin Zahariev, Chief Financial Officer of Solar Green Energy, the owner of the Apriltsi project. Huasun VP Matthew Jin added: "We started supplying solar panels for the plant in 2021.

Who are Huawei & Solax?

Golden partner of Huawei since 2019, as well as representatives of Solax and Solis for Bulgaria and Romania. The largest distributor of constructions Aerocompact ? Clenergy, for which we create customized working designs. Increased efficiency and longer cell lifespan through effective cooling and temperature control.

726,181 units of latest-generation solar panels were installed in the solar fields. The realization of these investments has placed SUNTERRA in a leading position in Bulgaria and among the
