
Latvian solar power base station

The project combines a 65 MW solar PV plant and a 46 MW battery energy storage system, supporting Latvia's renewable energy and grid flexibility goals. The ...

European renewable energy provider SUNOTEC has finalized the acquisition of SIA DSE Lazas Solar's solar and energy storage project in Latvia from Danish Sun Energy. This ...

Image: Evecon. Clean energy investment company Niam Infrastructure and Estonian renewable power developer Evecon have announced plans to build a new solar-plus ...

The Varme facility features 142,000 bifacial solar panels, each with a 660 W capacity. These advanced panels capture sunlight from both sides, maximizing energy ...

A solar PV plant in Latvia that Latvenergo deployed via subsidiary Elektrum. Image: Latvenergo. Latvia state-owned utility and ...

A 84 MW of solar and 26 MW of energy storage portfolio will be installed in Latvia under the Niam-Evecon partnership. Discover the full project details here.

Image: Evecon. Clean energy investment company Niam Infrastructure and Estonian renewable power developer Evecon have ...

The overall solar generation capacity in Latvia currently stands at 600 MW. The solar park in Targale will significantly boost Latvia's solar energy generation, strengthening its ...

The Varme facility features 142,000 bifacial solar panels, each with a 660 W capacity. These advanced panels capture sunlight from ...

SUNOTEC acquires 400 MWp solar-plus-600 MWh storage project in Latvia, targeting grid connection by 2027 and bolstering the country's expanding clean-energy ambitions.

The overall solar generation capacity in Latvia currently stands at 600 MW. The solar park in Targale will significantly boost ...

Latvia is taking a major leap forward in its renewable energy transition with the development of a hybrid 65 MW solar park and a 92 MWh battery energy storage system ...

A solar PV plant in Latvia that Latvenergo deployed via subsidiary Elektrum. Image: Latvenergo. Latvia state-owned utility and power generation firm Latvenergo intends to ...

To date, Latvia has lagged behind its neighbors in the construction of solar energy parks. In 2023, Estonia's solar power ...
