# Mobile Dual Power Box

What is a portable power box?

A portable power box is an essential thing to have, the keyword "portable" means that it isn't stressful to carry the box around. This is a 12V portable power box that is perfect for charging mobile phones, laptops, and other small accessories. This video goes in-depth to explain the making process.

What is the difference between a portable power bank and a power box?

Portable power banks are smaller and more compact devices that are often used to charge small devices, like mobile phones. On the other hand, portable power boxes are heavier systems that are capable of powering a wide range of appliances. REDARC recommends that our products are installed by a qualified auto electrician or technician.

What are the advantages of Dual-USB charger?

1. Fast charging: Dual-USB Allows you to charge two mobile devices simultaneously at high speed. 2. Light and portable: Compact designed to fit in your pocket, bag, or carry-on bag. 3. Multi-use: This charger works just as well at home as it does in the office or while travelling. 4.

Are portable power stations a good choice?

Portable power stations are super versatile as they can be used to power a wide variety of appliances. They are also clean, quiet and environmentally friendly systems, perfect for all your adventuring needs. However, some portable battery packs can be heavy and have limited capacity, depending on the particular one you choose.
