Do you sell marine grade circuit breaker?

Yes, we stock marine-grade circuit breakers. These are designed to handle tough conditions on boats and marine equipment, including exposure to water. Our range includes waterproof options from trusted brands like Blue Sea Systems and Relaxn, ensuring reliable performance even in the harshest marine environments. Why is my circuit breaker tripping?

What does a circuit breaker do?

A circuit breaker is a safety device that protects your electrical system. It stops electricity if there is an overload or short circuit. Overloads happen when too many devices run on the same circuit, like a toaster, microwave, and kettle. Short circuits occur when damaged wires or faulty appliances create an unsafe current.
