
Nordic outdoor power supplier

Who is Nordic power supply?

Nordic power Supply is a Swedish company that develops and sells quality equipment for power line construction. We build and adapt products to the customer's request. Our focus has always been safety, quality and satisfied customers.

How many energy suppliers are there in Nordic & Baltic countries?

There are around 380 companies supplying Nordic and Baltic end-users of power. A supplier buys power either directly from a producer, or through Nord Pool. In general, a supplier then resells it to small and medium-sized companies and households. There is high competition between energy suppliers within each country.

Who are Nordic outdoor brands?

The company was founded in 2014 in Tampere, Finland, and is nowadays a member of the Scandinavian Outdoor Group (which features brands such as Peak Performance, Hestra, and Nordisk).

What is the Nordic power market?

The Nordic power market is one of the most liquid power derivatives markets in the world and has developed over the past 20 years with objectives to reduce and minimize risks, increase transparency and protect investors.
