# Outdoor Wind Power Base Station Company

Why is WOM launching the offshore wind power dual-base?

The commencement of the offshore wind power dual-base signifies that WOM will join hands with Shanghai Electric and its partners to fully leverage its aggregation advantages in marine engineering, R&D and manufacturing of new energy equipment, and promote the construction of offshore wind power and new energy industry.

What does a wind energy solution provider do?

As a comprehensive wind energy solutions provider, we rely on advanced data analysis technology and professional production teams to provide customers with integrated wind power solutions in site selection, design, production and delivery.

How many MW are installed in wind energy projects?

To date, we have achieved a cumulative installed capacity of over 5,000 MW in wind energy projects across the globe. Complex Wind Patterns Building-integrated wind turbines (BIWT) are increasingly integrated into urban and architectural landscapes across various regions. Incorporating these turbines into existing str...

Why is Shanghai Electric wind power group seeking a partnership?

Mr. Wu Gai, Vice President of Shanghai Electric Wind Power Group, noted that: "Facing the historical opportunity that China is giving strong support for the development of new energy, Shanghai Electric Wind Power Group is actively seeking a partnership with first-class enterprises at home and abroad.

Nanjing OULU successful installation and delivery of wind solar complementary power supply system to China Mobile Inner Mongolia Company Nanjing Oulu Electric Corp has been deeply ...

As a comprehensive wind energy solutions provider, we rely on advanced data analysis technology and professional production teams to provide ...

Shanghai Electric Wind Power Group Co., Ltd. (hereinafter referred to as "Shanghai Electric Wind Power Group") was established in 2006. The ...

Shanghai Electric Wind Power Group Co., Ltd. (hereinafter referred to as "Shanghai Electric Wind Power Group") was established in 2006. The business of the company covers intelligent ...

As a comprehensive wind energy solutions provider, we rely on advanced data analysis technology and professional production teams to provide customers with integrated wind ...

Windey Energy Technology Group Co., Ltd. the earliest wind turbine manufacturer in China, has been a specialist of wind power technologies for 40 years. Windey, a National Hi-tech. ...
