# Outdoor solar container lithium battery energy storage cabinet model

What is C&I outdoor lithium battery storage cabinet system?

It integrates 215kWh LiFePO4 batteries with BMS, high-voltage box, power distribution system, PCS (Power Conversion System), control system, fire protection system, temperature control system, and EMS (Energy Management system) monitoring system. C&I Outdoor Lithium Battery Storage Cabinet System

What is a commercial & industrial battery storage cabinet?

Commercial & Industrial Battery Storage Cabinet have a wide range of applications across various sectors, including the energy grid, industry, residential, and transportation. These applications help enhance grid stability, improve energy efficiency, support renewable energy integration, and provide backup power.

What types of outdoor battery enclosures are available?

AZE's heavy duty outdoor battery enclosures and Lithium battery storage system are available in NEMA 3R, or 4X configurations. These outdoor battery enclosures, which come in all shapes and sizes, are designed to withstand extreme elements, climates and environments.

What is a battery energy storage system?

A BESS is a type of energy storage system that can be used to store excess energy from renewable sources. Battery Energy Storage Systems (BESS) are an essential part of renewable energy solutions, allowing for the storage and distribution of electricity generated from sources like solar and wind power.
