# Tallinn Energy Storage solar Enterprise

Where is Estonia's largest battery storage facility located?

The flagship battery storage project commenced operations on February 1, only days before cutting ties with the Russian power grid. Estonian state-owned energy company Eesti Energia has inaugurated the nation's largest battery energy storage facility at the Auvere industrial complex in Ida-Viru County.

Is Tallinn a smarter & greener grid?

a medieval city where cobblestone streets meet cutting-edge energy tech. Welcome to Tallinn, Estonia--a place where grid energy storage materials aren't just jargon but the backbone of a smarter, greener grid.

Does Tallinn have a power grid?

Tallinn's grid isn't your grandpa's power system. Here's the lowdown on their material magic: Lithium-ion Batteries 2.0: Forget clunky power banks. Tallinn uses graphene-doped anodes that charge faster than a Tesla Supercharger. One pilot site near Lemiste Lake stores enough juice to power 500 homes during peak blackout seasons.

Who delivered the Eesti Energia project?

The project was delivered by energy solutions system integrator Diotech Group, which won Eesti Energia's international tender in 2023. It was supplied with battery technology from LG Energy Solution. Installation and connection work were carried out by Enefit Solutions.
