
Timor-Leste Solar System Battery

What is the Timor-Leste solar power project?

The Project involves the construction and 25-year operation of a new power plant in Manatuto, Timor-Leste, comprising a 72 MW solar power plant co-located with a 36 MW/36 MWh battery energy storage system. This will be the country's first full-scale renewable energy IPP project.

Why did DLA Piper advise Eletricidade de Timor-Leste?

DLA Piper advised Eletricidade de Timor-Leste on its first utility-scale solar PV and battery storage project with a 100MW capacity, marking a major milestone in the country's renewable energy transition.

Why should Timor-Leste invest in solar & storage infrastructure?

José added: "The investment in Timor-Leste's solar and storage infrastructure is transformative. It will help reduce dependence on fossil fuels while improving grid stability and energy access across the country". José de Ponte was supported by special counsel Marnie Calli, senior associate Lisa Huynh and solicitor Jeraldine Mow.

Are solar panels a good idea for Timor-Leste?

The Ambassador of Japan to Timor-Leste, H.E. KIMURA Tetsuya, in his remarks, shared: "I understand that solar panels are extremely helpful. Every time I walk around and see solar panels installed, I feel very happy and encouraged by this visible progress. It's exciting to witness this kind of development taking place."

GoKoval is a trusted solar energy company in Timor-Leste offering solar installation, hybrid systems, off-grid solutions, and battery backup for homes, businesses, ...

DLA Piper advised Eletricidade de Timor-Leste on a PPA to develop Timor-Leste's first solar PV power plant and battery energy storage system.

A high-level delegation led by the Ambassador of Japan, UNDP Resident Representative, and INFPM Executive Director conducted a monitoring visit to assess the ...
