
Tunisia solar panel subsidies

How much money does Tunisian government provide for solar?

The Tunisian authorities have provided \$121 million for solar thermal and PV systems. The subsidies can cover up to 30% of initial investments in residential PV installations. The Tunisian government said that it has renewed the financing mechanism for its two national residential solar programs.

Does Tunisia support solar?

Tunisia is supporting utility-scale solar through a series of tenders, the latest of which was launched in January 2023. It also finalized a 500 MW solar tender in December 2019. The country's cumulative installed PV capacity stood at just 506 MW by the end of 2023, according to the International Renewable Energy Agency (IRENA).

What is the Tunisian Solar Plan?

The Tunisian Solar Plan contains 40 projects aimed at promoting solar thermal and photovoltaic energies, wind energy, as well as energy efficiency measures. The plan also incorporates the ELMED project; a 400KV submarine cable interconnecting Tunisia and Italy.

Which companies are building solar projects in Tunisia?

The latter companies already have a footprint in Tunisia, with Voltaia announcing plans to build a 130MW solar project in the country in May, and Scatec collaborating with Aeolus to build a 120MW project in August. The second tender calls for two projects of unspecified capacity in Hechain, Gabes governate and Khobna, Sidi Bouzid governate.

Tunisia has very good solar radiation potential which ranges from 1800 kWh/m²; per year in the North to 2600 kWh/m²; per year in the ...

Tunisia is one of the Maghreb member countries that is giving the greatest impetus to the expansion of renewable energies, with photovoltaic solar energy being the ...

The Tunisian authorities have provided \$121 million for solar thermal and PV systems. The subsidies can cover up to 30% of initial investments in residential PV installations.

The month of October began with the signing a financing agreement worth EUR 10 million between the Tunisian Energy Agency (ANME) and GIZ, laying the foundation for an ...
