
Ukraine energy storage project

Who energizes Ukraine's largest battery-based energy storage project?

Fluence Energy B.V., a subsidiary of Fluence Energy, Inc., and DTEK Group, Ukraine's largest private energy company, have energized Ukraine's largest battery-based energy storage project, totaling 200 MW across six sites.

How will a new energy storage system help Ukraine's energy resilience?

Fluence CEO Julian Nebreda added: "This achievement is a beacon of resilience and a symbol of what can be achieved through strong international cooperation." The new storage systems are expected to increase supply security, reduce outage risks, and enhance grid decentralization, contributing to Ukraine's long-term energy resilience.

Which large-scale energy deployments are happening in Ukraine?

Other large-scale deployments in Ukraine that Energy-Storage.news has reported on include one from energy firm KNESS and a plan from the State Agency on Energy Efficiency and Energy Saving of Ukraine (SAEE) to deploy distributed BESS projects for resiliency.

How many gas storage facilities are there in Ukraine?

Ukraine has 12 gas storage facilities operated by Ukrtransgaz. Five of these are located in Western Ukraine, two in Central Ukraine and five in Eastern Ukraine. In addition one gas storage, the Hlibivske storage facility, operated by Chornomornaftogaz, is located in Crimea and currently is not controlled by Ukraine authorities.

DTEK and Fluence announce a EUR140 million project for Ukraine's largest energy storage portfolio to enhance power grid stability.

DTEK and Fluence have begun commissioning Ukraine's largest battery energy storage system, a 200 MW/400 MWh installation ...

DTEK has selected Fluence Energy (NASDAQ: FLNC) to deliver Ukraine's first large-scale battery-based energy storage portfolio, ...

The energy storage systems in this project are equipped with grid-forming capabilities, enabling them to independently restore local grid operations during power ...

DTEK, Ukraine's largest private energy company, and storage specialist Fluence Energy, have announced the early start of ...

The project was announced on September 11, 2025, marking a significant milestone for Ukraine's energy infrastructure. 1. Project Specifications and Scale The energy ...

Project construction and commissioning, split between six sites across Ukraine, was completed in under six months to ensure it is ready to operate during...

DTEK and Fluence have put a 200MW/400MWh battery energy storage system (BESS) portfolio in Ukraine into commercial ...

DTEK's head of storage, Vadym Utkin, discussed ancillary services and Russia's attacks on Ukraine in an interview with Energy-Storage.news late last year, at Solar Media's ...

Infrastructure Development Ukraine - Energy project financing Ukraine: Power Kyiv is transforming Ukraine's energy with resilient, clean infrastructure. Our 1 GW project combines ...

DTEK and Fluence have begun commissioning Ukraine's largest battery energy storage system, a 200 MW/400 MWh installation spread across six sites that represents one of ...

DTEK, Ukraine's largest private energy company, and storage specialist Fluence Energy, have announced the early start of commissioning for Ukraine's largest battery energy ...

Morrow Batteries has signed an MOU with Ukraine to supply LFP battery cells for shoring up the country's conflict-stricken grid.

DTEK Group, in partnership with Fluence, a global market leader delivering intelligent energy storage, has energised Ukraine's largest battery-based energy storage ...
