
Vatican Brand Solar System Engineering

How will the Vatican's new energy system work?

According to the Vatican's press office, the installation will apply the most advanced solutions currently available, balancing clean energy generation with the preservation of agricultural use, the region's hydrogeological stability, and the protection of its cultural and archaeological heritage (ZENIT News / Rome, 08.01.2025).-

Does Vatican City have solar power?

Yes. Vatican City has joined Albania, Bhutan, Nepal, Paraguay, Iceland, Ethiopia and the Democratic Republic of Congo to become one of just eight countries in the world to generate 100% of its electricity from renewable sources. Several church organizations around the world are making the move to solar.

What did Pope Francis say about solar power?

"Fratello sole" or "Brother Sun" was Pope Francis' Apostolic Letter that detailed how solar power is an invitation for people around the world to make lifestyle changes to counter global warming and the "pervasive" use of fossil fuels.

What did Pope Francis say about agrivoltaic energy?

Citing Pope Francis's "Laudato Si'", Gallagher reminded listeners that access to clean, renewable energy remains elusive for many across the globe, and that while progress has been made, systemic change is still slow. The agrivoltaic project is one of those "good practices" Pope Francis called for in his encyclical a decade ago.

Part of Pope Francis' dream was to ensure the city state in Rome ran on green energy. An agrivoltaic plant on Vatican property is the result.
