
Wholesale 16 kw deye inverter in Auckland

How does a Deye full series inverter work?

The battery can also be charged by the diesel generator to ensure uninterrupted supply in the event of grid blackout. It is equipped with an RS485 / CAN port for battery communication. Thanks to the smart monitoring platform, Deye full series inverter products support remote shutdown immediately when an accident occurs.

Does Deye full series inverter support remote shutdown?

Thanks to the smart monitoring platform, Deye full series inverter products support remote shutdown immediately when an accident occurs. Setting parameters and FW updates remotely makes PV plant O&M easier. Max. charging/discharging current of 290A. DC couple and AC couple to retrofit existing solar system.

Why should you choose Deye solar inverter?

Leverage Deye's expertise in solar inverter technology to power your sustainable energy future. Our commitment to innovation, quality, and customer satisfaction ensures that you receive the most efficient and reliable solar inverter solutions available in the market today.
